LONG HAUL COMMERCIAL TRUCK TIRES

GOODYEARTRUCKTIRES.COM
Goodyear® is one of the best-known tire brands in the industry, and it’s more than just an iconic name. It’s a brand that stands for reliability, integrity and innovation — a brand that continues to earn the trust of customers again and again.
LEADERS IN INNOVATION

Goodyear’s broad experience drives progress across a variety of applications, including consumer, commercial, off-the-road (OTR), aviation and racing tires.

119+ YEARS of continual innovation

90+ YEARS of driving retread quality

2,600+ ENGINEERS & SCIENTISTS around the globe

37 MANUFACTURING PLANTS with offices in almost every country

PREFERRED BY FLEETS

91% of fleet customers are satisfied with Goodyear*

86% of fleet customers would recommend Goodyear tires*

*2013 Lieberman Research Worldwide Brand Health Study,
Innovative products for any fleet application
Features innovative technologies like DuraSeal™, Fuel Max® and UniCircle®

2,300+ locations throughout North America ready to help your fleet
Consistent, efficient service with every visit

Real-time tire monitoring, intelligent analysis and customized reporting
All in the name of optimizing your fleet, your budget and your time
Having the right products is the only way to give any fleet Total Mobility. Goodyear® offers a wide selection of innovative tires that feature advanced technologies to help fleets of any size and application reduce their operating costs.
A GOODYEAR DEALER NETWORK
THAT’S BUILT AROUND YOU

With more than 2,300 locations and industry-leading roadside service, Goodyear Commercial Tire & Service Centers and Network Dealers are always nearby to give you a helping hand. We have the experience, knowledge and services to help keep your equipment up and running.

PROFESSIONAL FLEET SERVICES

Goodyear Commercial Tire & Service Network members use state-of-the-art service equipment, and our trained technicians adhere to the Tire Industry Association CTS 200 level for high-quality service at any location.

- 24-hour emergency road service
- 2-hour target roll time
- Sustainable and cost-saving retreading for commercial and off-the-road tire casings
- Fleet survey to enhance tire longevity and performance
- Tire performance monitoring for both commercial and off-the-road tires

THE FLEETHQ™ 2GO APP

Instantly connects drivers to 24/7 roadside service in a couple quick taps of a screen.
LET GOODYEAR® LEAD THE WAY

Get real-time tire monitoring, intelligent analysis and customized solutions, all in the name of optimizing your fleet, your budget and your time.

TIRE MONITORING — STAYING AHEAD OF THE GAME
- Digital inspections
- Automated inspections
- Real-time active monitoring

INSIGHTS AND ANALYSIS — DATA IS THE NEW STREET SMARTS
- All data is transmitted to the Goodyear Mobility Cloud™
- Custom tire insights based on your unique specifications
- Reporting and alerts to help you proactively manage critical tire data on your terms

SERVICE ACTIVATION — ALWAYS BY YOUR SIDE
- 24/7 industry-leading roadside assistance
- 2,300+ Goodyear Commercial Tire & Service Network Locations
- Service coordination through Goodyear Fleet HQ™
- Insights to help intelligently direct labor
TIRE MANAGEMENT TOOLS EXCLUSIVELY FROM GOODYEAR

Proper fleet tire management is about more than putting the right tires on the right vehicles. Using industry-exclusive tire monitoring tools, Goodyear analyzes real-time tire data, alerts fleets with valuable insights and delivers timely service to minimize tire costs down and maximize vehicle uptime.

GOODYEAR TIRE OPTIX™
This digital inspection toolset enables you to capture data accurately and efficiently with instant results.

GOODYEAR TPMS PLUS™
TPMS Plus is a connected, active monitoring system that goes beyond the benefits of traditional dashboard monitoring. Using Goodyear’s unique, fleet-specific algorithms, TPMS Plus helps identify critical issues, inflation trends and much more, allowing you to be proactive instead of reactive.

GOODYEAR CHECKPOINT™ — DRIVE-OVER READER
Goodyear CheckPoint provides automated inspections of tire pressure and tread depth. Ideal for high-volume yards, this solution enables large quantities of vehicles to be inspected and offers a frequently updated snapshot of tire health.
GOODYEAR® INNOVATIONS TO HELP REDUCE COST

FUEL MAX® TECHNOLOGY
Goodyear tires with Fuel Max Technology can help fleets save money on one of their largest operating costs — fuel. Featuring innovative fuel-saving compounds, tire constructions and tread designs, Fuel Max tires help reduce rolling resistance in every wheel position.

DURASEAL TECHNOLOGY®
The world’s first built-in tire sealant for commercial truck tires, DuraSeal Technology helps reduce downtime and costly repairs by keeping trucks moving in the face of nails, screws and other sharp objects. Tires with DuraSeal Technology instantly seal punctures up to ¼" in the face of the tread* to help keep hardworking fleets moving.

*Seals up to 1/4-inch tread punctures only. Does not seal sidewall punctures.

UNICIRCLE® RETREAD TECHNOLOGY
Goodyear can help extend the life cycle of tires with innovative, spliceless UniCircle retreads. Installed with no cutting, UniCircle retreads are uniform and balanced and help fleets get long miles to removal.

ADVANCED SIDEWALL COMPOUND helps lower rolling resistance and promotes fuel efficiency for SmartWay verification
BUILT-IN DURASEAL TECHNOLOGY® helps seal tread punctures and reduce downtime*

*Seals up to ¼” diameter punctures in the repairable area of the tread. Does not seal sidewall punctures.

FEATURING DURASEAL TECHNOLOGY
