Power Forward

The All-New Armor Max Pro Grade MSD

Goodyear’s Versatile, Long-Lasting Tire for Rugged Mixed Service Applications

The new Armor Max Pro Grade MSD is a hardworking mixed service tire built for coal field, dump, cement and construction applications. This tire builds upon the toughness of the Goodyear G177™ with enhanced traction, fuel efficiency and retreadability, helping your fleet lower its cost per mile. The Armor Max Pro Grade MSD is also available with DuraSeal Technology® to help reduce downtime by sealing up to 1/4” punctures in the repairable area of the tread.*

See how you can make the new Armor Max Pro Grade MSD part of your total solution of trusted products, nationwide Dealer network, reliable service and fleet management tools at goodyeartrucktires.com.

Greenhouse Gas Compliant

*Seals up to ¼” diameter punctures in the repairable area of the tread. Does not seal sidewall punctures.
Seals up to ¼" diameter punctures in the repairable area of the tread. Does not seal sidewall punctures.

**Rugged tread design** for excellent on- and off-road traction.

**Tough, high-tear compound in the tread** helps resist chips and chunks.

**Mixed service undertread layer** for enhanced casing toughness for hardworking applications.

**Built-in sealant** helps seal tread punctures to reduce downtime and repair costs.

**Cool-running base compound** helps provide long tread life and lower rolling resistance – making it GHG compliant.
