GET IT ALL WITH GOODYEAR® FLEET HQ®

Choosing Goodyear Fleet HQ is the first step to improving your miles to removal, reducing downtime and making your fleet more profitable. With more than 100 years of commercial truck expertise, it's easy to see why some of the largest fleets rely on Goodyear Fleet HQ for the "Total Solution."

INNOVATIVE PRODUCTS

GOODYEAR AND DUNLOP® PRODUCTS

Choose Goodyear tires for leading-edge products backed by more than 100 years of expertise, or select Dunlop products for innovations inspired by successful Goodyear tire technology.

DURASEAL TECHNOLOGY®

Minimize your downtime with Goodyear tires featuring DuraSeal Technology, the world's first commercial truck tire with a built-in sealant that instantly seals tread punctures.*

- Instantly surrounds the nail and seals the tread puncture
- Less downtime and unnecessary expenses
- Tires last longer and time-to-replacement is extended

*Seals up to 1/4" diameter punctures in the repairable area of the tread. Does not seal sidewall punctures.

FUEL MAX® TECHNOLOGY

Go farther on a tank of fuel and get more miles-to-removal with Goodyear tires featuring Fuel Max Technology.

THE SCIENCE OF SAVINGS

Employing state-of-the-art science, Goodyear Engineers developed innovative Fuel Max compounds to help reduce energy loss as a tire rolls. This unique fuel-saving tread compound helps to improve rolling resistance without sacrificing tread life or traction.

WIDE BASE TIRES

The EPA states that just by using wide base tires, a combination long haul truck could save 400 gallons of fuel per year and cut greenhouse gas emissions by more than four metric tons annually. Goodyear wide base tires with DuraSeal and Fuel Max technologies maximize fuel savings and reduce the risk of flats. Save money in the long haul with the first wide base tires featuring DuraSeal and Fuel Max Technology.

RETREADS

Get like-new performance from quality retreads to get more miles-to-removal from your fleet's tires.

BEST-IN-CLASS SERVICES

24/7 ROADSIDE EMERGENCY TIRE SERVICE

Our national network of Dealers will get you rolling, on average, in about two hours from the time you call to help you reduce downtime and save money.

NATIONAL SERVICE NETWORK

Get the confidence of a national service network of 2,200 Dealers, technicians and proven industry experts, all backed by Goodyear.

CONSISTENT PRICING

Regardless of where and when your tire breakdown happens, Goodyear Fleet HQ will find the closest Dealer in the service network to help get you back on the road quickly. Goodyear will honor your agreement and provide the same cost for tires and services. Plus, you'll receive consolidated billing on all charges.

NATIONAL PRICING

Receive consistent national pricing and consolidated billing on quality Goodyear and Dunlop products at any Goodyear Fleet HQ Dealer in the country. There's no need to carry cash or search for the best price!

FLEET SURVEYS

Schedule on-site tire inspections with your Goodyear Dealer or a Sales Representative. These trained professionals will record the tire pressures, tread depths, mileage and general condition of your fleet's tires. Within hours of the fleet survey, valuable tire performance information will be available to assist you in making the right business decisions.

TRAILER READINESS PROGRAM

Avoid costly penalties by receiving regular trailer inspections to help your fleet remain compliant with CSA requirements.

PREFERRED FLEET PROGRAM

Smaller fleets can enjoy some of the same benefits as larger national fleets when they sign up for Goodyear's Preferred Fleet Program. Regardless of the location and time of a tire breakdown, drivers will receive the same pricing as their local Dealer, and all charges and invoices will be consolidated through their local Dealer.

TIREPIX

View real photos of tires replaced on the road to get the big picture of your fleet's service calls.

PROFITABILITY TOOLS

TIRE PERFORMANCE REPORTING

When your fleet is part of Goodyear Fleet HQ, we provide a powerful suite of reports to help you minimize your costs of operation. Reporting is organized in four sections: tire performance, retread management, service activity and purchases. Accessing your fleet's information is easy. Simply go to goodyeartrucktires.com, log on to Fleet HQ and then run the reports that you need.

THE TOTAL SOLUTION TO HELP REDUCE OPERATING COSTS

To learn how Goodyear's industry-leading tires, services and profitability tools help to provide your fleet a total solution, visit goodyeartrucktires.com, or call **1.866.FleetHQ**.
