RELIABLE GOODYEAR® SERVICES
TO KEEP YOU UP AND RUNNING
GOODYEAR® KEEPS YOU UP AND RUNNING

Members of the Goodyear Commercial Tire & Service Network are ready to give you a helping hand with more than 2,300 locations from coast to coast. We have the experience, knowledge and services to help keep your equipment up and running.
**STAY UP AND RUNNING**

**TRAILER-READINESS INSPECTIONS**

Designed to help your trucks comply with the Federal Motor Carrier Safety Administration’s Compliance, Safety and Accountability (CSA) program, Goodyear’s Trailer-Readiness program is an inspection, reporting and maintenance service that is available exclusively through the Goodyear® Commercial Tire & Service Network. Trained tire technicians inspect tires (inflation, tread depth), lights, wheel seals and other trailer components to help ensure CSA compliance. Findings are then made available to you through a secure online portal.

**TMPH (TON-MILE-PER-HOUR) SURVEYS**

Every OTR tire has a specific TMPH rating that indicates the maximum load it can carry at a specific speed. Making sure that your tires do not exceed their TMPH rating can help optimize their performance and extend their service life. Offered through Goodyear Commercial Tire & Service Network members, TMPH studies can help optimize your OTR tire investment.
THE MOST RELIABLE EMERGENCY ROADSIDE SERVICE IN THE INDUSTRY*

The Goodyear® Commercial Tire & Service Network works around the clock to put your trucks back on the road, anytime and anywhere a breakdown occurs. Our roll-time goal of two hours or less helps optimize your trucks’ uptime to help them reach their destinations on time:

- More than 238,000 service calls in 2016
- More than 1.5 million truck service events completed**
- Roll-time target: two hours or less
- Trained tire professionals at 24/7 Solution Center
- Goodyear SmartTech App streamlines roadside service process
- Multi-language support

For emergency roadside assistance call: 1-866-353-3847 (1-866-FLEETHQ)

The Goodyear RoadService App instantly connects your drivers to 24/7 Goodyear Emergency Roadside Service with the touch of a screen.

Download the Goodyear RoadService App now to find a Dealer and request road service.

**Since 2008
TIRE SURVEYS AND SITE AUDITS

Tire surveys and site audits – performed by Goodyear® Commercial Tire & Service Network members – can help you identify opportunities to optimize the performance of your tires, whether on the road, in your yard, or at the job site. Trained tire professionals will record tire pressure, tread depths and other key metrics to provide you with the information you need to make better decisions about your tire assets.
See how Goodyear® can help you lower your fleet’s operating costs.
