STANDARD LIMITED WARRANTY
REPLACEMENT ALL-STEEL RADIAL TRUCK TIRES

ELIGIBILITY
This warranty applies to the original purchaser of a Roadmaster All-Steel Radial truck tire and is not transferable. Your tires were purchased on or after March 15, 2023. Eligible tires must be purchased new and used on the vehicle which they were originally installed. Additionally, they must be the size, load index, and speed rating equivalent or greater than that specified by the vehicle manufacturer. This warranty applies to the 48 contiguous continental United States, Alaska, Hawaii, District of Columbia and Canada. For warranty exclusions see “WHAT IS NOT COVERED”.

WHAT IS COVERED AND FOR HOW LONG
1. Free Tire Replacement – Roadmaster warrants to the original purchaser that if a Roadmaster All-Steel Radial Truck tire becomes unserviceable due to a covered warranty condition (excludes ride complaints) during the first 2/32” (1.6mm) of factory original tread wear or 12 months from date of purchase, whichever occurs first, the tire will be replaced with an equivalent new Roadmaster All-Steel Radial Truck tire without charge. You must pay for mounting, balancing, and any other additional charges, such as taxes or the acceptance of a higher priced replacement tire.
2. Prorated Tire Replacement – Roadmaster warrants to the original purchaser that if a Roadmaster All-Steel Radial Truck tire becomes unserviceable due to a covered warranty condition (excludes ride complaints) after the first 2/32” (1.6mm) wear on original factory tread, the tire will be replaced with an equivalent new Roadmaster All-Steel Radial Truck tire on a prorated basis. A replacement charge (defined below) will be required in order to obtain a replacement tire.

OTHER THAN FIRST QUALITY TRUCK TIRES
Roadmaster All-Steel Radial truck tires branded “BLEMISH” (non-uniform) have the same warranty as first quality tires except for ride complaints and the appearance or other conditions which caused the tires to be classified as other than first quality. Tires branded “NON-ADJ.” (non-adjustable) are not covered by this Warranty.

TREAD LIFE
When the tread becomes worn down to 2/32” (1.6 mm) anywhere on the tire (shown by tread wear indicators molded into the tread grooves) the tire is worn out and this warranty ends. Driving habits, driving conditions, tire and vehicle maintenance all play a part in the tread life of a tire and all differ with each purchaser. Safety information is located at www.roadmastertires.com (and select “Tire Safety), and, from your dealer.

REPLACEMENT CHARGE
The Replacement Charge will be determined by multiplying the dealer’s current selling price by the percentage of original tread depth worn from the tire. You must pay for mounting, balancing and any other additional charges, such as taxes or the acceptance of a higher priced replacement tire.

OWNER’S OBLIGATION
When making a claim, you must return the tire to be replaced to your Roadmaster dealer. Proper vehicle and tire care is necessary to obtain the expected wear from a tire. It is your obligation to properly maintain your tires and the vehicle upon which they are mounted, including: (A) operating your tires at the inflation pressures recommended by the vehicle manufacturer, (B) keeping your tire/wheel assemblies in balance, (C) proper wheel alignment, and (D) rotation. You must check your tire’s inflation pressure at least monthly and before long trips.

We recommend that you have your Roadmaster dealer inspect your tires any time you notice irregular or uneven tread wear on your tires. Also, they should be inspected by your dealer any time your vehicle is brought in for service.
